Description:

In Edinburgh you're never far from a peaceful spot, or from a hellish one either. Now, in the heart of summer, in the midst of a nationalist festival, Inspector John Rebus is on the murder case of a young man left hanging in a spot where his screams would never be heard. To find the victim's identity--and his killer--Rebus searches from Edinburgh's most violent neighborhood to Belfast, Northern Ireland--amongst petty thugs, gunrunners,

and heavyweight criminals. But before Rebus can get to the truth, hes bloodied by the dream of societys madmen--and staring into the glint of a killers eyes. Once again, Ian Rankin has demonstrated his incredible crime writing skills in *Mortal Causes*.

The Inspector Rebus Mystery series is best started from Ian Rankins first book and as you progress you see the evolution of the character. In *Mortal Causes*, you see Rebus begin to become a fully developed character. As in all the books, the other major character in the stories is the backdrop of Edinburgh and the landscape of Scotland, which is so wonderfully depicted by Rankin in the books. The story line moves through the cities, landmarks and weather of Scotland with great detail given to all aspects of the culture there. Like Michael Connelleys Harry Bosch character, who loves jazz, Rebus has his love of music. In the case of Rebus, though, it is the Rolling Stones and rock music that he enjoys with a glass of whisky. Rebus is a very interesting antihero. A detective with a relentless drive to solve the mystery and we go along happily for the ride. I am about one-third the way through the series and I am sure I will finish them all. This is a very good book.
